To All Concerned:

I have never officially endorsed any political candidate, however, I feel compelled this year to write this recommendation for Rebecca Anderson for Eagle County Sheriff.

I have known Rebecca for 23 years, beginning as my first trainer in the Vail Public Safety Communications Center (911) in 2003. Becca has knowledge of law enforcement in Eagle County from dispatch to court and incarceration; this is knowledge that she has gained from her decades of experience at all levels.

Anderson's experience is wide, from communications, patrol, leadership, special operations, special projects, K-9 and community outreach. Becca has excelled at all these jobs and more; through all these years, her record is beyond reproach.

Rebecca not only has the experience to lead our Sheriff's office, she also has the drive, determination and 'grit' to make sure this important office operates in the best possible way. Her attitude has always been 'can do', regardless of the job at hand; she is an enthusiastic and positive person who is able to create that productive workplace that you want to be part of.

Rebecca Anderson's leadership as the next Eagle County Sheriff will greatly benefit the residents and guests of Eagle County, please join me in supporting her.

Sincerely,
Marc Wentworth
Edwards, CO
